For maximum simplicity, American Legacy publishing requests that a list of grade chairs be used as the ship to contact. This person can then distribute the publications to all classes in that school, for that grade level. This will ensure that all materials are received and give us one person per grade to contact regarding shipments.

Although original orders are being received by the depository, you may call American Legacy Publishing directly at any time. Call Debbie Singson at 1-866-311-8734, Ext. 114.
